Note: Benchmark Risk ratings are calculated using the PRF, Vocab, and Proficient Reading assessment results. Results for the Basic Reading measures can be accessed on the Reports → Group screen as well as on the Individual Reports.

Individual Measures

	= 50 - 100 Percentile
	= 50 - 49 Percentile
	= 26 - 49 Percentile
	= 0 - 25 Percentile

Risk Ratings

Three Tests	Risk	Two Tests	Risk	One Test	Risk
	Low		Low		Low
	Low		Some		Some
	Some		Some		High
	Some		Some		
	Some		High		
	Some		High		
	Some				
	High				
	High				
	High				

Notes:

1. By popular request, we've simplified the Risk Ratings!
2. The more benchmark tests taken, the more accurate/confident the Risk Rating.
3.  =  for risk calculations.
